Dear Resident,

Rather than I speak about myself, I quote from my two MP colleagues:-

"In Rupert Simmons, we have a local County Councillor whose passion and voice for our community is matched by his hard work and actions. Without Rupert's tireless efforts, Heathfield's High Street would not be the thriving hub that it is and we would still be without a Post Office. Rupert is the person who brings the politicians, business owners and community organisations together under the umbrella of the Heathfield Partnership to ensure that we all work and deliver for one another. His great success in starting and running "Heathfield Works!" for the last 5 years has impressed so many people in public life. As a resident of the parish of Mayfield and Five Ashes, I am delighted that our parish will become part of the Heathfield division which Rupert has served with distinction for so many years. As the MP for Five Ashes and Heathfield, I am looking forward to continuing to work at Rupert's side as we together strive to preserve the beauty of our area whilst delivering the regeneration which will further enhance it."

**Huw Merriman MP**

"Mayfield deserves a local county councillor who is committed to serving the area, and passionate about enhancing opportunities for those who live here. I have had the pleasure of working with Rupert Simmons on employability and economy issues since before my election – his creativity, persistence and the respect he is held in by businesses, community organisations and local people mean that he has been able to deliver proven results. During his time as Economy Cabinet member, the County economy is up by 5.2% against the nation at 2.9%. Unemployment has reduced by 58%, average income per household has increased ten times faster than nationally and he has been instrumental in the creation of the East Sussex Enterprise Adviser Network, which links businesses and schools and which I have the honour of chairing. The opportunities for East Sussex at the moment are huge, and I look forward to continuing my work with Rupert to make sure that we take advantage of every single one."

**Nus Ghani MP**

In 2013 I and my Party colleagues made 8 promises to the electorate, we have delivered on all 8, added another significant 8 and are now promising a new 8 to be seen overleaf. In the world of politics it is surely reassuring to see such integrity. On May 4<sup>th</sup> I hope you will trust me and my colleagues again.

Yours sincerely,

**Rupert Simmons**

Conservative Candidate for  
Heathfield and Mayfield

# A PASSIONATE VOICE FOR OUR COMMUNITY
