

It all comes down to your vote on 6th May. Vote Conservative.

Post Covid, we need to kick-start our High Streets and promote 'Buying Local';

I will continue to promote 20mph speed limits in our High Streets, and other schemes to reduce the number of those killed and seriously injured on our roads, while making our roads safer for all users.

High Streets

East Sussex County Council has produced and is delivering on its Climate Change Action Plan to achieve carbon-zero. Whilst our opponents "talk the talk", Conservatives are delivering policies that will secure our environment for future generations.

Protecting our environment

The Covid pandemic has had an effect on all our communities and we will need to re-energise our businesses. We will continue to invest in improving the skills of our residents and also support the rollout of high-speed broadband. The pandemic has proved more than ever, the importance of having reliable, fast broadband across the county.

Investing in our economy

How your vote WILL help make East Sussex an even better place to live and work

Dear Resident

I am seeking your vote to serve another term as your representative on East Sussex County Council, having been first elected in 2013.

I have served on various committees and, since 2017, as Lead Councillor for Education, Inclusion, Special Educational Needs and Disability. In those four years we have seen improvements in school performance and the roll-out of the Priority School Building projects including new buildings at Uplands and Uckfield Community schools.

If re-elected I will continue to promote the needs of the Wealden North East Division. 70% of the Council's budget is dedicated to Children's Services and Adult Social Care. It is important we protect those areas but also need to continue to provide resources to improve our roads and infrastructure.

Yours sincerely
Bob Standley

Conservative Candidate for Wealden North-East Division, East Sussex County Council Elections

On Thursday 6th May you can vote to get things done in East Sussex.

VALUE FOR MONEY

Conservative councils deliver value for money and provide high-quality services.

In these challenging times, Conservatives are maintaining services while keeping tax increases as low as possible.

Well-managed Conservative councils such as East Sussex County and Wealden District are a stark contrast to Lib Dem run Eastbourne Borough. There, the council have had to seek an emergency £12.8m loan from The Treasury due to poor financial management and ill-judged commercial investments.
